CYBER360

GOVERNANCE, RISK, AND COMPLIANCE(GRC)

PRODUCT BROCHURE

INTRODUCTION

Cyber threats are constantly evolving, demanding a holistic approach to cybersecurity.

CYBER360 from ORYXLABS is a one-stop solution, an integrated eGRC platform that streamlines compliance, risk management, and governance.

Our platform empowers you to:

» **DRIVE COMPLIANCE AGAINST VARIOUS STANDARDS**

Manage a vast array of cybersecurity frameworks (e.g., UAE Information Assurance Regulation, ISO 27001, PCI DSS, etc.).

» **AUTOMATE WORKFLOWS & REPORTING**

Simplify compliance processes with automated workflows, saving you valuable time and resources.

» **GAIN REAL-TIME VISIBILITY**

Monitor your security posture with actionable dashboards and insightful data analytics.

With CYBER360, you can streamline your cybersecurity processes, identify, and mitigate risks, and maintain compliance - all from a single and integrated platform.

Our user-friendly interface and powerful features make it easy for your team to stay ahead of emerging threats and enhance the security maturity of your organization.

ORYXLABS

WHY ORYXLABS

Our extensive understanding of the GRC principles and frameworks, position us to deliver exceptional value to our clients.

» **IN-DEPTH INDUSTRY KNOWLEDGE**

Extensive understanding of the GRC industry, positions us to provide a unique solution tailored to your specific needs and challenges.

» **CLIENT-CENTRIC APPROACH**

Our client-centric approach ensures a seamless alignment of our platform with your organizational goals and objectives.

» **PRODUCT SYNERGY AND INTEGRATIONS**

Benefit significantly from integration with DISCOVERY, our automated Cyber Exposure Management winning platform.

» **SOVEREIGN PRODUCT**

Our local presence in the UAE, and our knowledge of the GCC region are key enablers to our client's success.

FEATURES

Uncover the comprehensive capabilities of CYBER360 that empower your organization to streamline cybersecurity processes, identify and mitigate risks, and maintain compliance with ease.

» **COMPREHENSIVE CYBERSECURITY MANAGEMENT**

Gain full visibility into your organization's cyber security posture. Track, manage and monitor status across various security controls.

» **EASY REGULATORY COMPLIANCE**

Automate compliance assessments and reporting against various industry standards, including UAE Information Assurance (IA) Regulation, ISO 27001, PCI DSS, etc.

» **SCALABLE AND FLEXIBLE**

Scale effortlessly as your organization grows. Drive automated technical assessments via integration with our automated Cyber Exposure Management platform DISCOVERY.

» **EXPERT SUPPORT AND GUIDANCE**

Access to a dedicated team of cybersecurity experts based in the UAE, with excellent understanding of organization's GRC needs and trends.

BENEFITS

Experience the numerous benefits of CYBER360, ranging from comprehensive risk identification and mitigation to simplified regulatory compliance and seamless scalability.

» **REDUCED COSTS**

Eliminate the need for multiple point solutions with a unified platform.

» **IMPROVED EFFICIENCY**

Automate manual tasks and streamline compliance processes.

» **ENHANCED COLLABORATION**

Facilitate seamless communication across teams for better decision-making.

» **DATA-DRIVEN INSIGHTS**

Gain actionable intelligence from aggregated data to make informed security decisions.

» **PROACTIVE RISK MANAGEMENT**

Identify, assess, and prioritize risks before they escalate.

» **SIMPLIFIED AUDITS**

Prepare for and manage audits efficiently with readily available documentation.

EXPERIENCE THE DIFFERENCE
