

CARACAL
LIGHT AMMUNITION

SMALL CALIBRE. VAST EXPERIENCE.

Pioneering ammunition from the Middle East's most innovative producer.

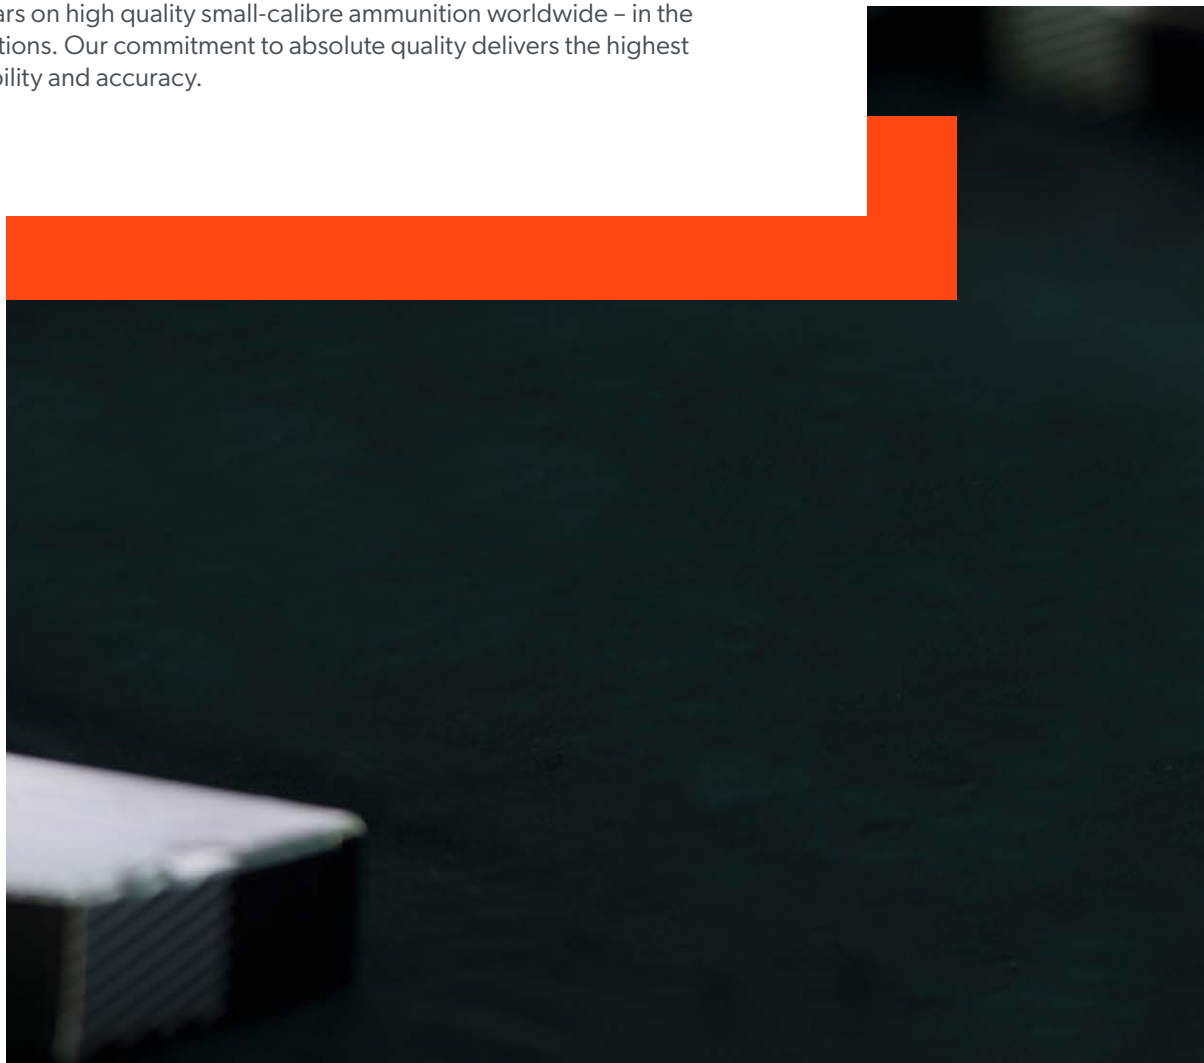

INTRODUCING CARACAL LIGHT AMMUNITION —

SMALL CALIBRE AMMUNITION AT THE FRONT LINE OF INNOVATION

At CARACAL LIGHT AMMUNITION, we are leaders in ammunition development, production and testing. As the sole small arms ammunition manufacturer in the UAE, there's over a quarter of a century of innovation in everything we do for clients spanning defence, law enforcement and sports.

The CLA name appears on high quality small-calibre ammunition worldwide – in the most diverse applications. Our commitment to absolute quality delivers the highest levels of safety, reliability and accuracy.

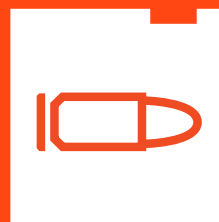

OUR STORY

Our journey started back in 1998 with the production of our first military ammunition. Over the years, our innovation, ground-breaking technology and precision processes have inspired the creation of high-performance munitions that meet the latest US-MIL SPEC, NATO and CIP specifications.

Today, as part of EDGE Group, we deliver expertise and support all the way through the ammunition lifecycle. Across assembly, decommissioning and more, we harness advanced manufacturing tools, technologies and capabilities, backed by a Continuous Improvement Programme that never settles for second best.

ABOUT EDGE

ENABLING A SECURE FUTURE

We live in an accelerating world. Characterised by uncharted frontiers, the future is empowered by advanced technology that is galvanising a new breed of players. At the edge of these frontiers exist no limits – where boundless opportunities await.

Transforming how we live, and ensuring a more secure future, is what we do. We are EDGE; and our mission is simple: to bring innovative technologies and services to market with greater speed and efficiency.

We will not only revolutionise the defence industry, but we will change its fundamentals. We are the vanguard of the next-generation, of a re-imagined sector. We prioritise technology in a non-binary world and seek universal solutions. We work with everyone: big or small, start-up or established, local or global.

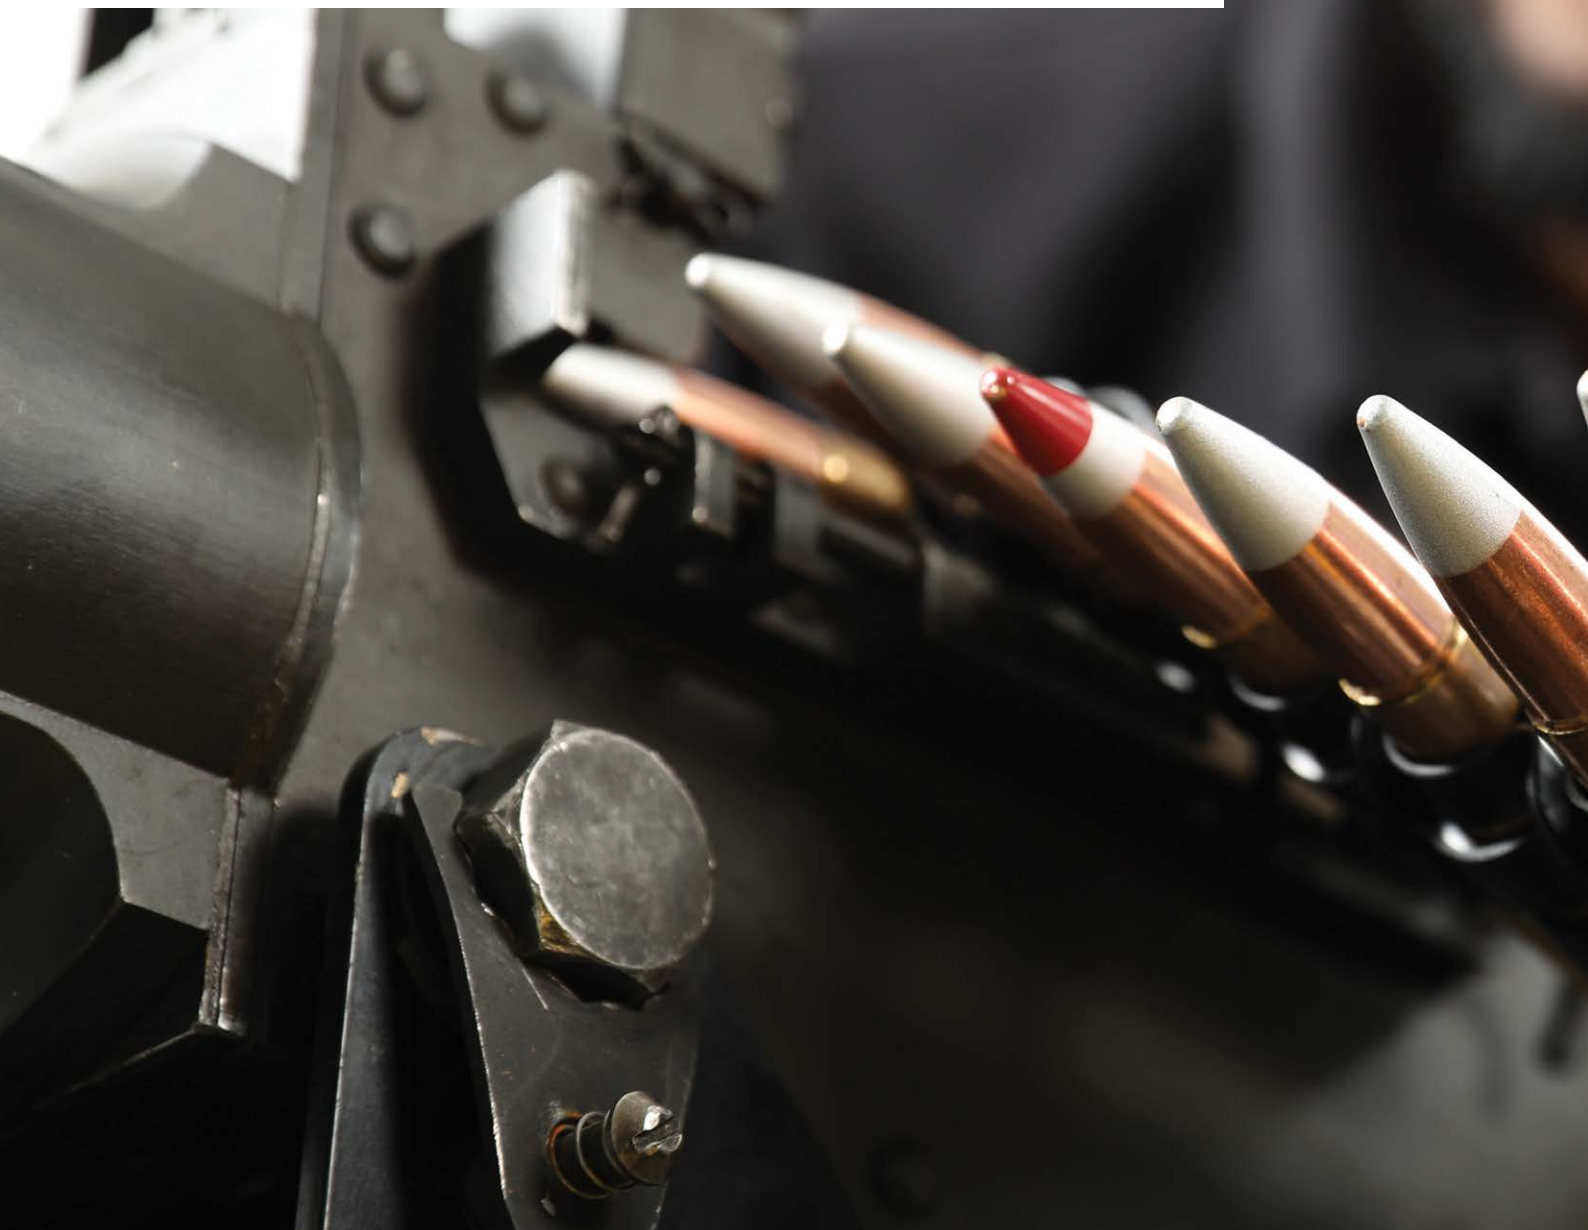

We are EDGE. We enable a secure future.

OUR PRODUCTS

ADVANCED SMALL CALIBRE AMMUNITION FOR MILITARY, LAW ENFORCEMENT AND SPORTS

At CARACAL LIGHT AMMUNITION, we offer highly efficient, high-volume production capability in the UAE, supported by world-leading components and complemented by the ability to handle multiple customisation requests.

Quality is built in to every stage of our product development process, with regular testing and inspection throughout the innovation cycle. From our state-of-the-art ballistics test area and chemical laboratory, to our materials testing laboratory and proof ranges, we have the resources to innovate and manufacture small arms products with the highest precision and most consistent reliability.

OUR PRODUCTS

5.56 x 45mm Blank (M200)

- MIL-SPEC Standards

5.56 x 45mm Ball (M855)

- NATO and MIL-SPEC Standards

5.56 x 45 (M193)

- (MIL-SPEC Standards) (55 Grains)

5.56 x 45mm Tracer (M856)

- NATO and MIL-SPEC Standards

.223 Ball (55 Grains)

- CIP Standard

OUR PRODUCT PORTFOLIO:

7.62 x 51mm Blank (M82)

- MIL-SPEC Standards

7.62 x 51mm Ball (M80)

- NATO and MIL-SPEC Standards

7.62 x 51mm Tracer (M62)

- NATO and MIL-SPEC Standards

OUR PRODUCT PORTFOLIO:

9mm Blank

- MIL-SPEC Standards

9mm Ball (M882)

- NATO and MIL-SPEG Standards

9mm Luger Ball

- 1115 Grain FMJ (CIP Standard)

9mm Luger Ball

- 124 Grain FMJ (CIP Standard)

OUR PRODUCT PORTFOLIO:

12.7 x 99mm Ball (M33)

- NATO and MIL-SPEC Standards

12.7 x 99mm Tracer (M17)

- NATO and MIL-SPEC Standards

12.7 x 99mm API (M8)

- NATO and MIL-SPEC Standards

12.7 x 99mm API-T (M20)

- NATO and MIL-SPEC Standards

12.7 x 99 Blank

- MIL-SPEC Standards

SAFETY FIRST. SAFETY ALWAYS.

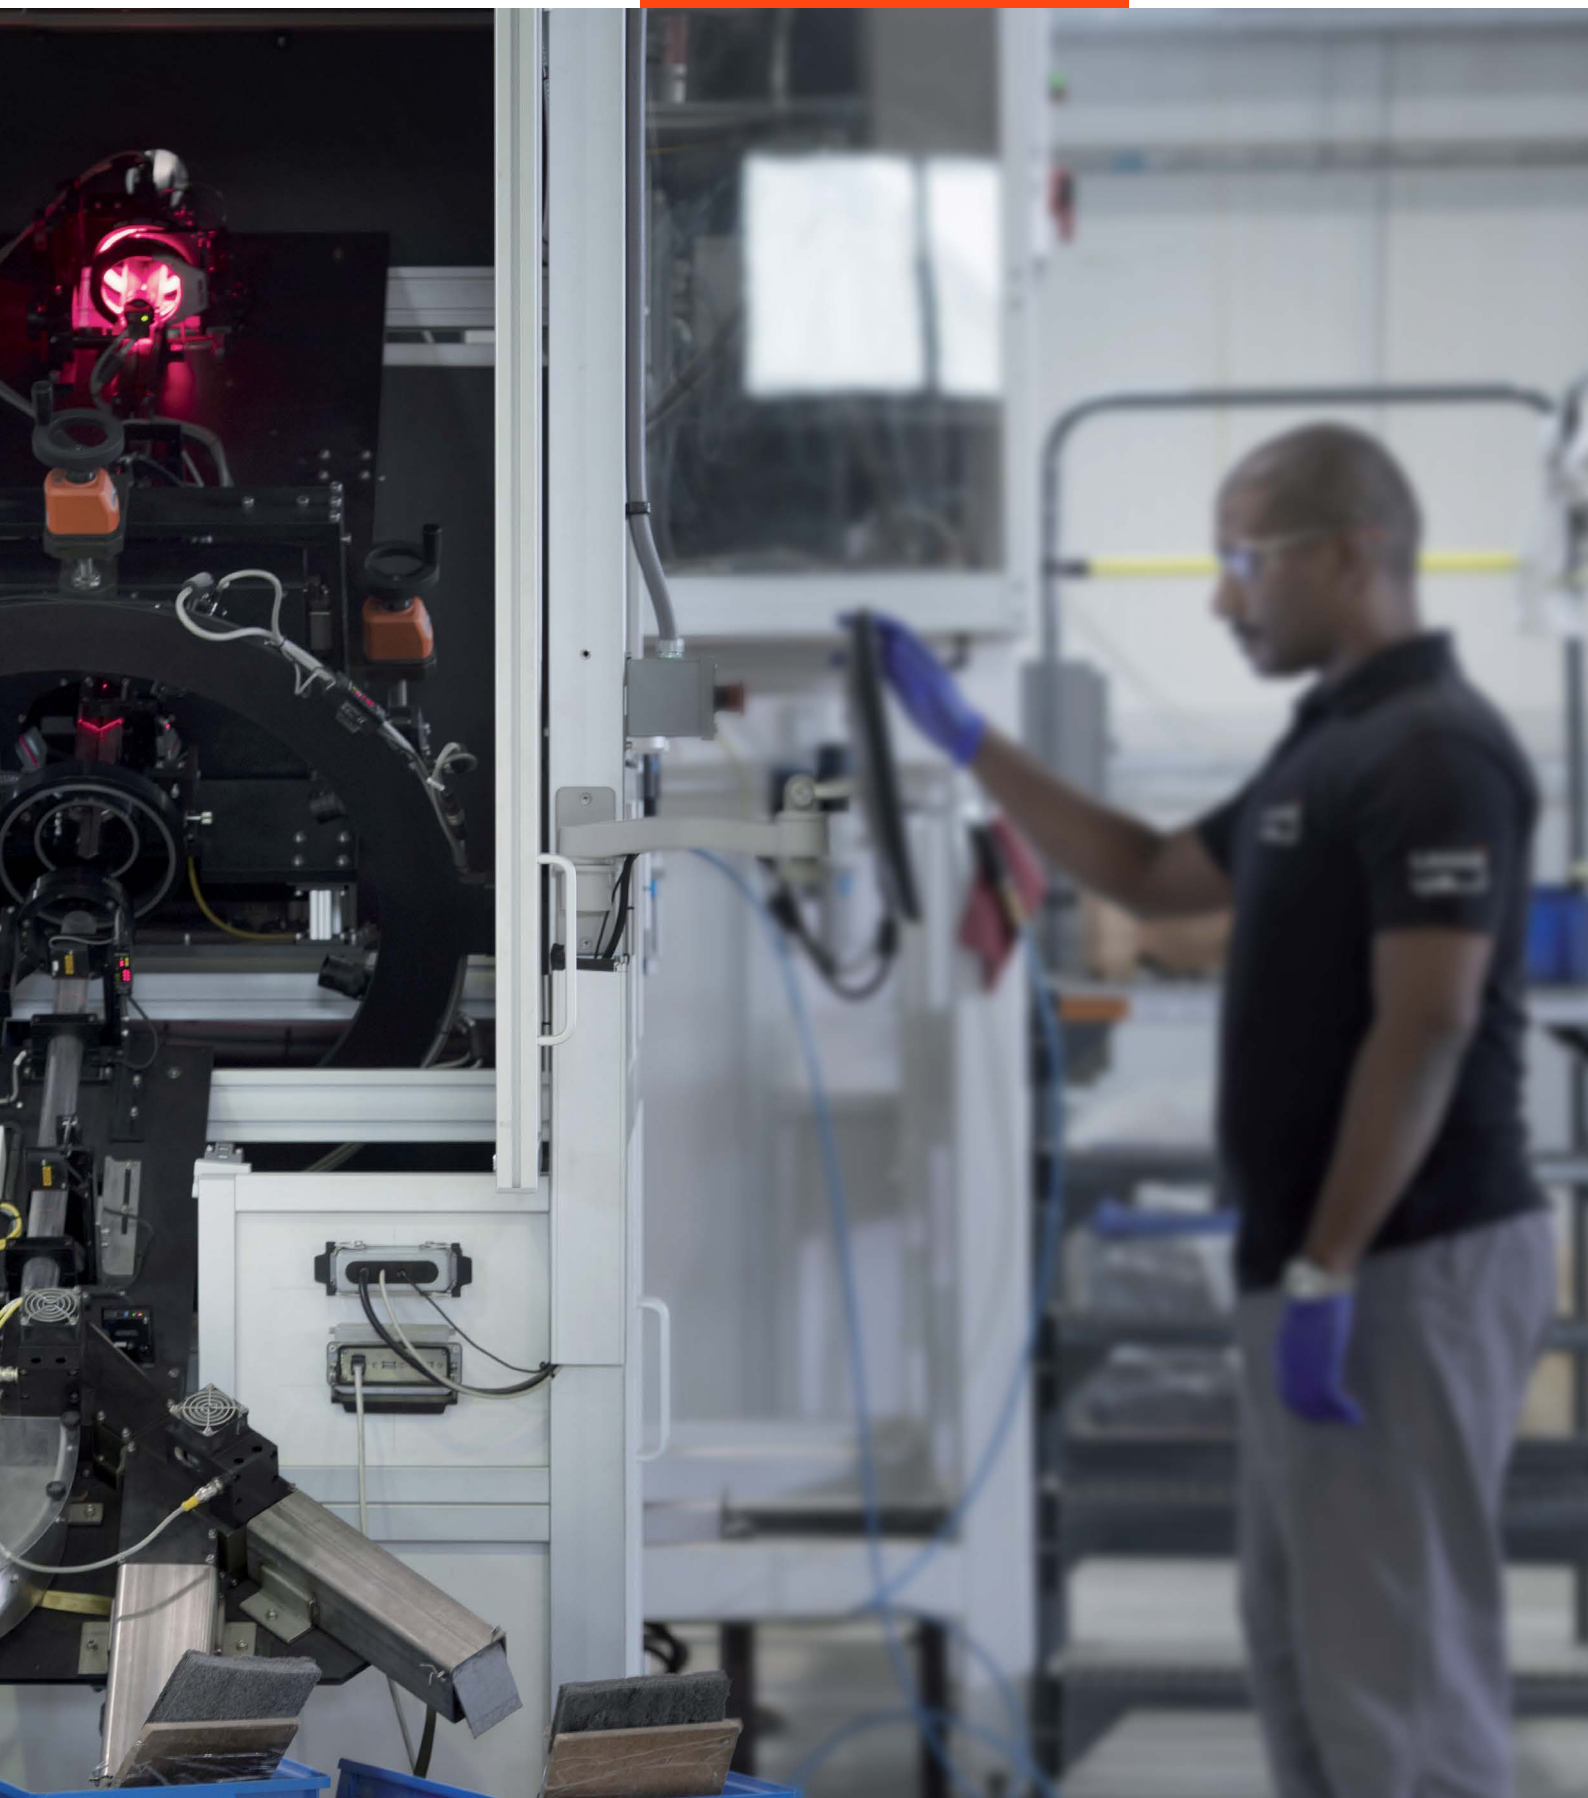

At CARACAL LIGHT AMMUNITION, our priority is safety – your safety and that of all our employees. We have integrated our safety strategy into everything we do, and everyone who works with us strives to enhance our safety levels across our business.

Today, our national and international certifications include:
