

EMSAD VER 2 —

PROJECT OVERVIEW

Updated lighter design of the V1. In house developed Elector mechanical gravity release fuze, with proximity detonation

KEY FEATURES

Mechanism:

- Gravity release
- Electro-mechanical fuze
- Proximity detonation
- Impact detonation via mechanical impact switch

SPECIFICATION

DETAILS

Diameter	53 mm
Length	95 mm
Mass	<280 g
Thread	1.5" -12TPI UNF (Standard)
