

**NASEF 10 / 20**

**CRUISING LOW.  
ATTACKING FAST.**

**AIR-TO-GROUND CRUISE MISSILE**

The ADVANCED CONCEPTS NASEF 10 and NASEF 20 are high-speed, air-to-ground cruise missile that provides operational ranges of 150 km to 200 km and a communication range of 100 km – providing operators with a significant standoff distance for mission flexibility and force projection.

Capable of flying at low altitudes contouring to ground features, the missile approaches its target below most radar, while still benefiting from target guidance.

# SPECIFICATIONS

## KEY FEATURES

- Long standoff distance
- Guided cruise missile
- High speed
- Low altitude

## SPECIFICATIONS

	NASEF 10	NASEF 20
<b>Maximum speed</b>	Up to 0.7 Mach (800 km/h)	Up to 0.7 Mach (800 km/h)
<b>Cruising speed</b>	Up to 0.3 Mach (350 km/h)	
<b>Maximum altitude</b>	18,000 ft	27,000 ft
<b>Propulsion system</b>	Jet engine (32 kg thrust)	Jet engine (45 kg thrust)
<b>Weight*</b>	35 kg	70 kg
<b>Communication range</b>	100 km	100 km
<b>Operation range</b>	150 km	200 km
<b>Wingspan*</b>	1.1 m	1.4 m
<b>Length*</b>	1.4 m	2.4 m
<b>Payload</b>	10 kg	
<b>Endurance</b>	30 min
