**THE REGIONAL HUB FOR FIRE AND
EMERGENCY RESPONSE AND TRAINING.**

In an ever more complex world, emergencies can strike without warning – and quickly escalate into disaster. At JAHEZIYA, we equip leading military and commercial organisations to respond effectively to crises, with front line fire and emergency response services, advanced training courses and industry-standard certification that can make a vital difference when it matters most.

We believe that emergency response and training is of national importance, and that every government, agency and company should see it as a collective responsibility. Working in partnership, our goal is to build our national capacity - and that of nations and organisations across the GCC - by harmonising requirements, enhancing readiness, building skills and stimulating teamwork and participation.

EDGE

ABOUT EDGE

We live in an accelerating world. Characterised by uncharted frontiers, the future is empowered by advanced technology that is galvanising a new breed of players. At the edge of these frontiers exist no limits – where boundless opportunities await.

Transforming how we live, and ensuring a more secure future, is what we do. We are EDGE; and our mission is simple: To bring innovative technologies and services to market with greater speed and efficiency.

We will not only revolutionise the defence industry, but we will change its fundamentals. We are the vanguard of the next-generation, of a reimagined sector. We prioritise technology in a non-binary world and seek universal solutions. We work with everyone: big or small, start-up or established, local or global.

We are EDGE. We enable a secure future.
